SINMAG DOUBLE RACK OVEN SV3

SINMAG

The SINMAG range of rack ovens have been developed over the past years to a very high standard rack oven with many features that have been developed in very close conjunction with the Australian Bakers and Pastry Cook industry.

The SINMAG range of ovens has the either single or double rack capacity and can be gas or electrically fired. The oven has programmable digital controls, door lighting and large glass viewing window to ensure your products are baked consistently every time. Steam is also standard on the SINMAG range of rack ovens.
